

International Development Services

Empowering local communities and improving livelihoods through sustainable global development

Tetra Tech is a leading, global consulting firm providing practical and sustainable international development services.

We have more than 40 years of development experience and use an integrated approach focused on empowering local communities and leveraging private investment to create a safer, more prosperous world for all.

Our people are passionate about improving lives by applying their technical expertise and experience to create practical, sustainable, and environmentally responsible development solutions. We serve various development clients, including government agencies in the United States, the United Kingdom, Europe, and Australia, as well as multilateral development banks and the private sector.

We are part of the larger Tetra Tech family—a leading provider of global consulting and engineering services. Tetra Tech supports government and commercial clients by providing innovative solutions focused on water, environment, infrastructure, resource management, energy, and international development. With 21,000 associates worldwide, Tetra Tech’s capabilities span the entire project life cycle.

100+ Countries

150+ Active Projects

5,500+ international development employees

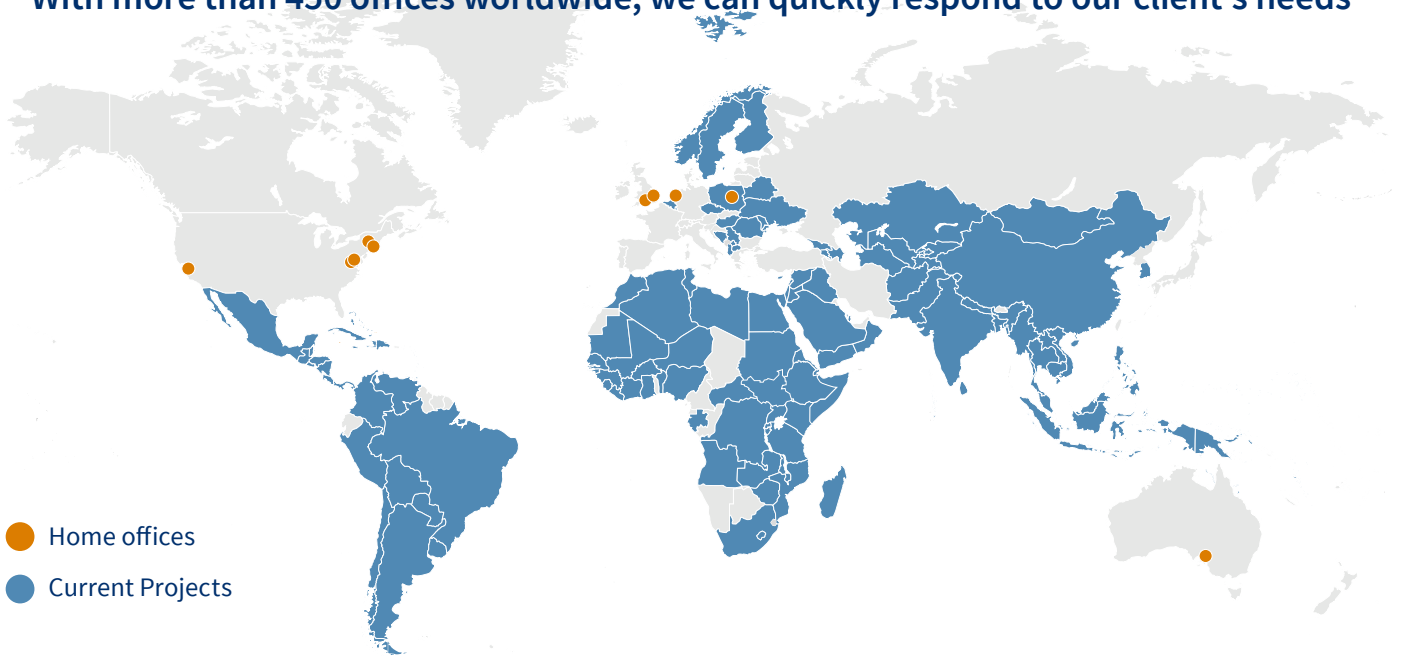

OASIS is a Multiple Award, Indefinite Delivery, Indefinite Quantity contract vehicle that provides flexible and innovative solutions for complex professional services.

Services under OASIS are awarded under seven North American Industry Classification System (NAICS) pools. Tetra Tech was awarded three contracts for pools 1,3, 4 Unrestricted. Work may cross over multiple disciplines and span many areas of expertise with task orders being assigned in the NAICS pool with the greatest percentage of anticipated requirements.
