

GENERAL SERVICES ADMINISTRATION (GSA)

Federal Supply Service *Authorized Federal Supply Schedule Price List*

Online access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!®, a menu-driven database system. The web address of GSA Advantage!® is: www.gsaadvantage.gov.

For more information on ordering from Federal Supply Schedules go to the GSA Schedules page at GSA.gov.

Multiple Award Schedule	(MAS)
Federal Supply Group	Professional Services
Contract Number	GS-00F-168CA
Title	Multiple Award Schedule (MAS)

Price list is current as of Modification #PO-0034 effective June 09, 2025.

Contract Period	June 9, 2015 – June 8, 2030
Contractor's Name	Tetra Tech, Inc. 3475 E. Foothill Blvd Pasadena, CA 91107-6024
Web Address	www.tetrattech.com
Business Size	Large

Points of Contact

Barbara Petersen, Contract Administrator

Tetra Tech, Inc. has been awarded the Disaster Recovery Purchasing. Section 833 of the National Defense Authorization Act allows state and local governments to purchase products and services to facilitate recovery from a major disaster. This does include advance and pre-positioning in preparation for a disaster.

1b. For each special item number awarded in the contract, the price offered is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. See rate tables, pages 15-16, 25, and 33

1c. Tetra Tech is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services. See labor category descriptions, pages 7-14, 19-24, and 28-32

2. Maximum order:

MAS SIN #	Maximum Order Limit
541330ENG	\$ 1,000,000.00
541715	\$ 1,000,000.00
541420	\$ 1,000,000.00
541380	\$ 250,000.00
541611	\$ 1,000,000.00
611512	\$ 1,000,000.00
541620	\$ 1,000,000.00
611430	\$ 1,000,000.00
541370GIS	\$ 1,000,000.00
562910REM	\$ 1,000,000.00
OLM	\$ 250,000.00

3. Minimum order. \$100.00

4. Geographic coverage (delivery area). Worldwide

5. Point(s) of production (city, county, and State or foreign country). Same as company address

6. Discount from list, prices or statement of net price. Government Net Prices (discounts already deducted).

7. **Quantity discounts.** N/A
8. **Prompt payment terms.** Net 30 days. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.
9. **Foreign items.** N/A
- 10a. **Time of Delivery.** Within 30 days maximum.
- 10b. **Expedited Delivery.** N/A
- 10c. **Overnight and 2-day delivery.** N/A
- 10d. **Urgent Requirements.** Agencies may contract Tetra Tech to affect a faster delivery if “Urgent Requirements” clause is necessitated. As agreed upon between Tetra Tech and the Customer.
11. **F.O.B. point(s).** Destination
- 12a. **Ordering address.** Tetra Tech, Inc.
3475 E. Foothill Blvd.
Pasadena, CA 91107-6024
- 12b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.
13. **Payment address.** Wells Fargo Bank
Routing Transit #121000248
Tetra Tech Account #41331-60325
14. **Warranty provision.** N/A
15. **Export packing charges, if applicable.** N/A
16. **Terms and conditions of rental, maintenance, and repair.** N/A
17. **Terms and conditions of installation.** N/A
- 18a. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list price.** N/A
- 18b. **Terms and conditions for any other services.** N/A
19. **List of service and distribution points.** N/A
20. **List of participating dealers.** N/A
21. **Preventive maintenance.** N/A
- 22a. **Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).** N/A
- 22b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at <http://www.section508.gov/>.** N/A
23. **Unique Entity Identifier (UEI):** LMRMKLL3LG5

- 24. Notification regarding registration in System for Award Management (SAM) database.** Tetra Tech, Inc is registered in SAM Database under CAGE Code 078E8.

Description of Engineering Services by SIN

Under the Professional Services contract, Tetra Tech's services are identified according to Special Item Numbers (SIN). The SINs are listed below, each with examples of the types of tasks that can be conducted under that SIN. (The tasks identified are examples only; they are not the only services that Tetra Tech can provide under the SIN.)

SIN 541330ENG: Engineering Services

Services include applying physical laws and principles of engineering in the design, development, and utilization of machines, materials, instruments, processes, and systems. Services may involve any of the following activities: provision of advice, concept development, requirements analysis, preparation of feasibility studies, preparation of preliminary and final plans and designs, provision of technical services during the construction or installation phase, inspection and evaluation of engineering projects, and related services.

NOTE: Services under this SIN cannot include architect-engineer services as defined in the Brooks Act and FAR Part 2, or construction services as defined in FAR Parts 2 and 36.

SIN 541715: Engineering Research and Development and Strategic Planning

Service include conducting research and experimental development (except nanotechnology and biotechnology research and experimental development) in the physical, engineering and life sciences such as; such as agriculture, electronics, environmental, biology, botany, computers, chemistry, food, fisheries, forests, geology, health, mathematics, medicine, oceanography, pharmacy, physics, veterinary and other allied subjects.

Typical tasks include, but are not limited to, analysis of mission, program goals and objectives, program evaluations, analysis of program effectiveness, requirements analysis, organizational performance assessment, special studies and analysis, training, and consulting; requirements analysis, cost/cost performance trade-off analysis, feasibility analysis, developing and completing fire safety evaluation worksheets as they relate to professional engineering services; operation and maintenance, evaluation of inspection, testing, and maintenance program for fire protection and life safety systems, program/project management, technology transfer/insertion, training and consulting.

NOTE: Services under this SIN cannot include architect-engineer services as defined in the Brooks Act and FAR Part 2 or construction services as defined in the Federal Acquisition Regulation Part 36 and Part 2.

SIN 541420: Engineering System Design and Integration Services

Services include creating and developing designs and specifications that optimize the use, value, and appearance of their products. These services can include determination of the materials, construction, mechanisms, shape, color, and surface finishes of the product, taking into consideration human characteristics and needs, safety, market appeal, and efficiency in production, distribution, use, and maintenance.

Associated tasks include, but are not limited to computer-aided design, e.g. CADD, risk reduction strategies and recommendations to mitigate identified risk conditions, fire modeling, performance-based design reviews,

GS-00F-168CA -- TETRA TECH INC – ENGINEERING SERVICES -- April 2025

high level detailed specification and scope preparation, configuration, management and document control, fabrication, assembly and simulation, modeling, training, consulting, analysis of single or multi spacecraft missions and mission design analysis.

NOTE: Services under this SIN cannot include architect-engineer services as defined in the Brooks Act and FAR Part 2 or construction services as defined in the Federal Acquisition Regulation Part 36 and Part 2.

An implementation guide for Space launch Integration Services (SLIS) can be found at www.gsa.gov/psschedule - click on “Professional Engineering Solutions”.

SIN 541380: Testing Laboratory Services

Includes testing laboratory services and veterinary, natural, and life sciences; testing services and laboratories; and other professional, scientific, and technical consulting services.

Testing and services include, but are not limited to: physical, chemical, analytical, or other testing services; quality assurance; fire safety inspections; training; safety audits; relying upon experimental, empirical, quantifiable data, relying on the scientific method, and professional services, tasks, and labor categories in the fields of biology, chemistry, physics, earth sciences, atmospheric science, oceanography, materials sciences, mathematics, geology, astronomy, veterinary medicine, statistics, systems science, etc., (excludes social and behavioral sciences).

Examples of labor categories include, but are not limited to, Scientific Researchers, Biologists, Physicists, Mathematicians, Statisticians, Research Engineers, Meteorologists, Lab Technicians, Veterinarians and Veterinary Services, Chemists, Biochemical Engineers, Research Nurses.

GS-00F-168CA -- TETRA TECH INC – ENGINEERING SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Program Managers	BS + 17 yeas professional experience. MS + 15 years professional experience. Prof. Registration and certificate. 10 years PM experience.	Manages functional area of business line programs that are sensitive or official in nature, broad in scope and impact. Oversees the project management activities of less senior PM's. Requires complex judgments based on analytical thought. Carries significant company authority and responsibility to commit company resources. May administer projects of unlimited size.
Project Managers	BS + 14 years professional experience. MS + 12 years professional experience. Prof Registration and certificate. 8 years PM experience.	Serves as primary contact with the client and manages projects to meet client requirement. Oversees the project management activities of less senior PM's. Requires independent evaluation of information in complicated and dynamic situations. Manages projects of broad scope and impact and has responsibility to commit company resources. Fiscal Responsibilities: May administer projects in excess of \$1,000,000.
Administrative, Principal	BS + 14 years professional experience. MS + 12 years professional experience.	Participates with other senior managers to establish strategic plans and objectives. Makes final decisions in administrative or operational matters and ensures units' achievement of objectives. Requires independent evaluation of information in complicated and dynamic situations.
Administrative, Senior	BS + 10 years professional experience. MS + 8 years professional experience.	Plans and directs projects and supplies technical inspiration, leadership and consultation to professional co-workers. May represent the organization in outside discussions and technical forums. Generally works with wide latitude for draft action or decision. Manager establishes operational objectives and work plans and delegates assignments to subordinate managers.
Administrative Staff	High School + 4 years professional experience. Management is typically the next higher level.	Under general supervision, plans, conducts and supervises assignments. Reviews progress and evaluates results. Plans and assigns personnel for given projects or tasks. Assists with the review and evaluation of personnel performance. Interprets and applies organization policy. Recommends changes in procedures. Operates with substantial latitude for draft action or decision. Reviews progress with management.
Administrative Junior	High School + 1-3 years professional experience.	Under supervision, performs work that is varied and that may be somewhat difficult in character, but usually involves limited responsibility. Some evaluation, originality or ingenuity is required.
Biologist, Principal	BS + 14 years professional experience. MS + 12 years professional experience.	Participates with other senior managers to establish strategic plans and objectives. Makes final decisions in administrative or operational matters and ensures units' achievement of objectives. Requires independent evaluation of information in complicated and dynamic situations.

Description of Business Administration Services by SIN

Under the Professional Services contract, Tetra Tech's services are identified according to Special Item Numbers (SIN). The SINs are listed below, each with examples of the types of tasks that can be conducted under that SIN. (The tasks identified are examples only; they are not the only services that Tetra Tech can provide under the SIN.)

SIN 541611: Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services

Provide operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency's portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.

Inherently Governmental services as identified in FAR 7.503 or by the ordering agency are prohibited. It is the responsibility of the Contracting Officer placing the order to make this determination. Ordering activities must require prospective contractors to identify potential conflicts of interest and address those, prior to task order award.

Personal services as defined in FAR 37.104 are prohibited.

SIN 611430: Professional and Management Development Training

Services include offering an array of short duration courses and seminars for management and professional development. Training for career development may be provided directly to individuals or through employers' training programs, and courses may be customized or modified to meet the special needs of customers. Instruction may be provided in diverse settings, such as the establishment's or agency's training facilities, and through diverse means, such as correspondence, television, the Internet, or other electronic and distance-learning methods. The training provided may include the use of simulators and simulation methods.

Examples include Training Services that are instructor led Training or Web Based Training of Education Courses, Course Development and Test Administration, Learning Management, and Internships; Environmental Training Services in order to meet Federal mandates and Executive Orders; training of agency personnel to deal with media and media responses; Logistics Training Services related to system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities; Audit & Financial training services related to course development and instruction required to support audit, review, financial assessment and financial management activities.

Any firm offering Defense Acquisition Workforce Improvement Act (DAWIA) and Federal Acquisition Certification in Contracting (FAC-C) Training for Acquisition Workforce Personnel will include an identify only

GS-00F-168CA -- TETRA TECH INC – BUSINESS ADMINISTRATION SERVICES -- April 2025

DAWIA and FAC-C courses that have been deemed DAU equivalent or approved by the Federal Acquisition Institute (FAI).

NOTE: In accordance with OMB Policy Letter 05-01, civilian agencies must follow the course equivalency determinations accepted by the Defense Acquisition University (DAU) to ensure that core training is comparable across the workforce and qualifies for certification. When procuring FAC-C and DAWIA training for the audience identified below, the task order level Contracting Officer shall confirm that the courses being acquired are listed on one of the following websites: <https://www.fai.gov/drupal/certification/verified-contracting-course-vendor-listing> OR <http://icatalog.dau.mil/appg.aspx> (click on commercial vendors).
Training Audience – Acquisition professionals interested in completing FAC-C or DAWIA

SIN 611512: Flight Training

Services Include aviation and flight training (military flight instruction, vocational training, recreational training, or both).

Subject Matter Expert	\$231.77	\$237.57	\$243.51	\$249.59	\$255.83

Prices include an Industrial Funding Fee (IFF) of .75% and annual escalation of 2.5% beginning Year 7.

Description of Environmental Services by SIN

Under the Professional Services contract, Tetra Tech's services are identified according to Special Item Numbers (SIN). The SINs are listed below, each with examples of the types of tasks that can be conducted under that SIN. (The tasks identified are examples only; they are not the only services that Tetra Tech can provide under the SIN.)

SIN 541620: Environmental Consulting Services

Services include providing advice and assistance to businesses and other organizations on environmental issues, such as the control of environmental contamination from pollutants, toxic substances, and hazardous materials; Endangered species, wetland, watershed, and other natural resource management plans; Archeological and/or cultural resource management plans. This includes identifying problems (e.g., inspect buildings for hazardous materials), measure and evaluate risks, and recommend solutions. Multi disciplined staff of scientists, engineers, and other technicians with expertise in areas, such as air and water quality, asbestos contamination, remediation, ecological restoration, and environmental law such as Planning and Documentation Services for the development, planning, facilitation, coordination, and documentation of and/or for environmental initiatives (or mandates such as Executive Order 13693 in areas of chemical, radiological, and/or hazardous materials; ISO 14001 Environmental Management System (EMS) and sustainable performance measure development; Environmental Assessment (EA) and Environmental Impact Statement (EIS) preparation under the National Environmental Policy Act (NEPA).

SIN 611430: Professional and Management Development Training

Services include offering an array of short duration courses and seminars for management and professional development. Training for career development may be provided directly to individuals or through employers' training programs, and courses may be customized or modified to meet the special needs of customers. Instruction may be provided in diverse settings, such as the establishment's or agency's training facilities, and through diverse means, such as correspondence, television, the Internet, or other electronic and distance-learning methods. The training provided may include the use of simulators and simulation methods.

Examples include Training Services that are instructor led Training or Web Based Training of Education Courses, Course Development and Test Administration, Learning Management, and Internships; Environmental Training Services in order to meet Federal mandates and Executive Orders; training of agency personnel to deal with media and media responses; Logistics Training Services related to system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities; Audit & Financial training services related to course development and instruction required to support audit, review, financial assessment and financial management activities.

Any firm offering Defense Acquisition Workforce Improvement Act (DAWIA) and Federal Acquisition Certification in Contracting (FAC-C) Training for Acquisition Workforce Personnel will include an identify only DAWIA and FAC-C courses that have been deemed DAU equivalent or approved by the Federal Acquisition Institute (FAI).

NOTE: In accordance with OMB Policy Letter 05-01, civilian agencies must follow the course equivalency determinations accepted by the Defense Acquisition University (DAU) to ensure that core training is

comparable across the workforce and qualifies for certification. When procuring FAC-C and DAWIA training for the audience identified below, the task order level Contracting Officer shall confirm that the courses being acquired are listed on one of the following websites: <https://www.fai.gov/drupal/certification/verified-contracting-course-vendor-listing> OR <http://icatalog.dau.mil/appg.aspx> (click on commercial vendors).
Training Audience – Acquisition professionals interested in completing FAC-C or DAWIA

SIN 541370GIS: Geographic Information System (GIS) Services

Geographic Information Services (GIS) provided in support of environmental program include: cultural resource GIS (CRGIS); groundwater monitoring; growth forecast modeling; habitat conservation plans; habitat modeling; image analysis support for emergency response; mapping, cartography, and mashups (e.g., combining data from more than one source into a single integrated tool to include aerial mapping); migration pattern analysis; natural resource planning; remote sensing for environmental studies; terrestrial, marine, and/or atmospheric measuring/management; vegetation mapping; and watershed characterization for mitigation planning.

NOTE: The services offered under this scope shall NOT include surveying and mapping services as set forth in FAR Part 36, and defined under the Brooks Act of 1972 (Public Law 92-582, 40 U.S. 1102 et seq.).

SIN 562910REM: Environmental Remediation Services

Remediation services include site preparation, characterization, field investigation, conservation and closures, emergency response cleanup (ERC), underground storage tank/above-ground storage tank (UST/AST) removal, air monitoring, soil vapor extraction, stabilization/solidification, bio-venting, carbon absorption, containment, monitoring and/or reduction of hazardous waste sites, unexploded ordnance removal, and remediation-related laboratory testing (e.g., biological, chemical, physical, pollution and soil testing). Reclamation services include: creating new land from sea or riverbeds, wetland restoration, and restoring areas to a more natural state (e.g., after pollution, desertification, or salinization have made it unusable).

NOTE: Services offered under this scope shall not include any remediation/transportation/disposal of radioactive waste, asbestos and/or paint abatement, radon mitigation, or construction and architect-engineer services as set forth in FAR Part 36 (including construction, alteration or repair of buildings, structures, or other real property). This SIN does not include Davis-Bacon work as defined in Federal Acquisition Regulation Subpart 22.4. Ordering agencies must ensure the work being required is not covered by the Davis-Bacon Act.

GS-00F-168CA -- TETRA TECH INC – ENVIRONMENTAL SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Program Manager	Bachelors + 15 years professional experience. Prof. Registration and certificate if applicable.	Directs the performance of a variety of related projects and implements project management under this supply schedule. Is responsible for ensuring high quality products and services that are delivered according to the agreed schedule and budget of the applicable task/delivery order. Also provides overall management of budget and ensures projects and subcontracting plans are operated within the parameters of the contract.
Project Manager	Bachelors + 10 years professional experience. Prof Registration and certificate if applicable	Serves as primary contact with the client and manages projects to meet client requirement. Oversees the project management activities of less senior PM's. Requires independent evaluation of information in complicated and dynamic situations. Manages projects of broad scope and impact and has responsibility to commit company resources. Fiscal Responsibilities: May administer projects in excess of \$1,000,000.
QA Manager	Bachelors + 10 years professional experience.	Analyzes business information systems requirements and develops and implements test plans ensuring proposed data processing systems modules and programs are stress tested, error free, and meet stated requirements before implementation. Adept at problem identification and solution and capable of documenting problems and preparing recommendations for solution
Business/Financial Manager	Bachelors + 5 years professional experience	Manages financial systems and oversees administrative contractual requirements. Tracks budgets for multiple projects and communicates frequently internally with the program manager and externally with the client regarding adherence to budgets. Provides financial forecasts and reviews past performance with client regarding funding
Administrative III	High School + 3 years of experience.	Assists program and project managers with financial management and operations. With very little direction, assists with the organization of tasks, preparation for meetings, and completion of contractually-required paperwork.
Administrative II	High School + 1 years of experience.	Assists program and project managers with financial management and operations. Assists with the organization of tasks, preparation for meetings, and completion of contractually-required paperwork.
Administrative I	High School + 0 years of experience.	Assists program and project managers with financial management and operations. Assists with the organization of tasks, preparation for meetings, and completion of contractually-required paperwork.
Contract Specialist	High School + 6 years of experience.	Supports project management with contracts and subcontracts.

GS-00F-168CA -- TETRA TECH INC – ENVIRONMENTAL SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Word Processor	High School + 0 years of experience.	Support project management and the development of technical documentation by word processing letters, reports, fact sheets, guides, and training materials.
Scientist V	Bachelors + 18 years professional experience.	Directs complex projects requiring integration of refined scientific techniques with the outputs of other disciplines, such as engineering and law. Develops and refines new scientific techniques to improve quality. Establishes performance and technical standards
Scientist IV	Bachelors + 12 years professional experience	Conducts scientific analysis, field testing, and the preparation of analytical documents and oversees scientific work of less experience personnel.
Scientist III	Bachelors + 8 years professional experience.	Conducts scientific analysis, field testing, and the preparation of analytical documents under very little supervision.
Scientist II	Bachelors + 3 years professional experience.	Conducts scientific analysis, field testing, and the preparation of analytical documents under supervision of more experienced personnel.
Scientist I	Bachelors + 0 years professional experience.	Conducts scientific analysis, field testing, and the preparation of analytical documents under supervision of more experienced personnel.
Engineer V	Bachelors + 18 years professional experience.	Directs complex projects requiring integration of refined engineering techniques with the outputs of other disciplines, such as environmental science and law. Develops and refines new engineering techniques to improve quality. Establishes performance and technical standards.
Engineer IV	Bachelors + 12 years professional experience.	Plans project coordination, management, and engineering. Develops and refines new engineering techniques to improve quality. Establishes performance and technical standards
Engineer III	Bachelors + 8 years professional experience.	Devises tests to evaluate and check systems. Documents the results of complex analysis and design tasks. May design complex systems and may act as project manager.
Engineer II	Bachelors + 3 years professional experience.	Performs analysis and design tasks. Also prepare specifications and assists in the development of standards.
Engineer I	Bachelors + 0 years professional experience.	Provides basic technical assistance in engineering under the supervision of more experienced personnel.

GS-00F-168CA -- TETRA TECH INC – ENVIRONMENTAL SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Computer Programmer III	Bachelors + 4 years professional experience.	Designs software and implements databases. Writes specifications and work plans for projects. Provides methodologies for programmers with less experience and assists them to implement their tasks. Designs and develops documentation of data requirements.
Computer Programmer II	Bachelors + 2 years professional experience.	Provides programming support and performs duties as defined by the project manager or more senior programmer. Assists in maintaining the operation and function of systems. Also may support system help desks. May design and implement modifications or enhancements to forms, menus, and reports generated by programs.
Computer Programmer I	Bachelors + 0 years professional experience.	Provides programming support and performs duties as defined by the project manager or more senior programmer. Assists in maintaining the operation and function of systems. Also may support system help desk.
Analyst/Planner V	Bachelors + 14 years professional experience,	Directs complex projects requiring integration of complex legal/regulatory issues with the outputs of other disciplines, such as environmental science and engineering. Develops and refines new techniques to improve quality of regulatory/policy descriptions and/or performance assessments. Establishes performance and technical standards for regulatory/policy analyses.
Analyst/Planner IV	Bachelors + 8 years professional experience,	Conducts analyses of more complex regulations, policies, past analyses, and new analytical tools pertaining to a given problem requiring resolution. Assumes a lead role in defining the scope of the analysis to be conducted, including relevant laws, regulations, issues, and options. Directs the collection and integration of information and prepares the approach to be used in conducting the analyses.
Analyst/Planner III	Bachelors + 4 years professional experience.	Conducts analyses of regulations, policies, past analyses, and new analytical tools pertaining to a given problem requiring resolution. Assists in defining the scope of the analysis to be conducted, including relevant laws, regulations, issues, and options. Integrates information gathered from the literature under the direction of more experienced analysts/planners.
Analyst/Planner II	Bachelors + 2 years professional experience.	Conducts basic analyses of regulations, policies, past analyses, and new analytical tools pertaining to a given problem requiring resolution. Integrates information gathered from the literature under the direction of more experienced analysts/planners.
Analyst/Planner I	Bachelors + 0 years professional experience.	Conducts basic research on regulations, policies, past analyses, and new analytical tools pertaining to a given problem requiring resolution. Summarizes literature.

GS-00F-168CA -- TETRA TECH INC – ENVIRONMENTAL SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Information Technology Specialist IV	Bachelors + 10 years professional experience.	Works closely with computer programmers and database specialist to determine data needs of the client and capabilities of the system. Analyzes reports and authors and procedures documents summarizing data. Synthesizes information to forecast trends and identify data gaps. Recommends systems development and solutions to issues raised.
Information Technology Specialist III	High School + 8 years professional experience.	Performs logical and physical database design. Performs data analysis, database design, development activities, and implementation for databases and their conversions. Works with users to determine data storage and access requirements. Makes recommendations for improving existing databases. Provides guidance and expertise in the use of database languages. Will coordinate activities of both technical and non-technical personnel.
Information Technology Specialist II	High School + 7 years professional experience.	Performs logical and physical database design. Performs data analysis, database design, development activities, and implementation for databases and their conversions. Works with users to determine data storage and access requirements. Makes recommendations for improving existing databases. Provides guidance and expertise in the use of database languages.
Information Technology Specialist I	High School + 4 years professional experience.	Performs logical and physical database design. Performs data analysis, database design, development activities, and implementation for databases and their conversions. Works with users to determine data storage and access requirements.
Technician II	High School + 2 years professional experience.	Enters information into varying databases and systems; collects documents from various sources, as directed; and/ or provides logistics and administrative support for field activities and meetings.
Technician I	High School + 0 years professional experience.	Enters information into varying databases and systems; collects documents from various sources, as directed; and/ or provides logistics and administrative support for field activities and meetings.
Training Specialist	Bachelors + 12 years professional experience.	The position requires a highly specialized instructional expert who works with technical experts to provide advice on instructional methods for preparing and delivering training workshops, computer-based training, and other venues. Also assists in the development of training material, the scheduling and administration of events, the training of instructors, and production of participant material.

GS-00F-168CA -- TETRA TECH INC – ENVIRONMENTAL SERVICES – LABOR CATEGORY DESCRIPTIONS -- April 2025

Labor Category	Experience	Responsibilities
Conference Planner	Bachelors + 2 years professional experience.	Coordinates training and demonstration conferences and meetings for multiple purposes. Arranges logistics (such as hotel and training facilities), plans staffing for the event, and provides such on-site support as note takers, systems support, and audio-visual support.
Technical Editor/Writer II	Bachelors + 2 years professional experience.	Working with technical specialists, write reports, manuals, training courses, and other documents and ensure quality of those documents written by others. Review grammar, writing style, and syntax of documentation.
Technical Editor/Writer I	Bachelors + 0 years professional experience.	Working with technical specialists, write reports, manuals, training courses, and other documents and ensure quality of those documents written by others. Review grammar, writing style, and syntax of documentation.
GIS/CADD/Graphics Tech III	Associates + 4 years professional experience.	Works with technical writers and other authors to prepare illustrations, slide presentations, and other graphics to improve the quality of several communication techniques. Also assists authors in managing the production of documents or graphics.
GIS/CADD/Graphics Tech II	High School + 5 years professional experience.	Works with technical writers and other authors to prepare illustrations, slide presentations, and other graphics to improve the quality of several communication techniques. Works under supervision of other technicians who are more experienced.
GIS/CADD/Graphics Tech I	High School + 4 years professional experience.	Works with technical writers and other authors to prepare illustrations, slide presentations, and other graphics to improve the quality of several communication techniques. Works under supervision of other technicians who are more experienced.
OE/UXO Manager	Bachelors in technical field or 10 years professional experience including uniformed military experience as an Exploded Ordnance Disposal technician.	Directs complex Ordnance and Explosives (OE)/Unexploded Ordnance (UXO) projects requiring the integration of field screening, site investigation, sampling and analysis, health and safety, and engineering techniques, processes, and programs. Directs the detection, excavation, removal and disposition of UXO items. Directs the detonation of UXO in place. Possesses specialized experience in the management of waste munitions and UXO. Develops and refines new OE/UXO strategies and techniques.
OE/UXO Technician	Associates + 3 years professional experience.	Performs OE/UXO tasks, which can include the detection and removal of UXO items, detonation of UXO items, as well as support to field screening, site investigation, sampling and analysis, health and safety, and engineering assignments. Documents the results of tasks and analyses performed.

Prices include an Industrial Funding Fee (IFF) of .75% and annual escalation of 2.5% beginning Year 7.

GS-00F-168CA -- Tetra Tech Inc – SIN OLM – April 2025

SIN OLM — Order-Level Materials (OLMs)

OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:

- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:

- "Open Market Items."
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:

- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.
